

# LOUISE LOVES ART Song

based on the book by Kelly Light

Written by Emily Arrow

Capo 3:                    D            G                    D                    G            D  
                                 F            B $\flat$                     F                    B $\flat$             F

Lou - ise tells her cat to make a pose,                    Lou - ise wants to have an art show,

4                    D            G                    D                    D            A  
                                 F            B $\flat$                     F                    F            C

Lou - ise draws a fe-line ma - ster-piece,                    Ooh-ooh - ee, — can you draw like Lou-

8                    D            D                    G                    D  
                                 F            F                    B $\flat$                     F

ise?                    Lou - ise needs a place to hang her art,                    Lou-

11                    G            D                    D                    G            D  
                                 B $\flat$             F                    F                    B $\flat$             F

ise thinks she knows the per-fect spot,                    Lou - ise wants to share her ma-ster-piece,                    Ooh-ooh-

15                    D            A                    D                    G            D  
                                 F            C                    F                    B $\flat$             F

ee, can you draw like Lou - ise?                    So much to draw,                    so lit-tle time,                    ev-ery lit-tle

19                    A            D                    G                    D  
                                 C            F                    B $\flat$                     F

curve,                    ev-ery lit-tle line.                    So much to draw,                    so lit-tle time,                    Lou-ise loves

23                    A            D                    D                    G  
                                 C            F                    F                    B $\flat$

art,                    and so do I.                    Lou - ise - 's lit - tle bro - ther, named Art, can make art

26                    D            D                    G                    D  
                                 F            F                    B $\flat$                     F

too.                    Lou - ise - 's bro - ther, Art, had scis - sors he wan - ted to use.                    He
